Multi-ethnic cosmeceutical* brand for neo aging, lightening and oily skins treatments

Absolutely innovating, 2B Bio Beauty and its 0% acid, 100% natural peeling gets rid of all impurities of the dermis. Real neo aging concept, the skin is renewed, the complexion is shining.

True to ones body, sincere to oneself.

The beauty needs a daily attention. As a real rejuvenation treatment, the new generation of the 2B Bio Beauty cares defers the visible signs of skin aging.

Thanks to their actives of high technology, the 2B Bio Beauty products match all men and women exectations, whatever else their age, skin type or environment. An ultra performing care program and exceptional results guaranteed by our expertise.

Thank you for your trust,
Jean Michel LIBERT,
CEO

* Cosmeceutical : a contraction of cosmetic and pharmaceutical. Cosmeceutical products are sold as cosmetic products. The word cosmeceutical was created to describe formulations that use active ingredients that have a certain biological effect on the skin (attenuation of ageing effects). A logical choice for your brand.

Normal, dry skins treatment

Professional use

The principle?

Unlike other peels which only work on the surface, *2B Bio Peeling* activates the exfoliation process from within.

The secret?

Just like our organism expels any foreign body, the powerful actives (100% natural), stimulate our skin to reject the dead cells that smother it.

For whom?

- For men and women from the age of thirty.
To prevent cutaneous aging and to keep a radiant complexion.

When?

In 1 month cure, with 1 session a week.
Ideally 2 cures a year.

The results?

Your skin is purified in depth, your cellular metabolism is reactivated, wrinkles and fine lines are bolstered from within, dilated pores are tightened, and pigmentation stains are erased. Real flash effect for an immediate beauty care.

Mature skins treatment

The principle?

The hydrating cares essentially act on comfort. 2B Bio Beauty also offers an increase of oxygen in the stratum corneum of the skin.

The secret?

Formulated with actives of high oxygen concentration, this treatment enables your skin to breathe and to better self-regulate in a polluted environment.

For whom?

- For dehydrated skins: the best preventive treatment.
- For mature skins: it slows down the forming of free radicals. Wrinkles are visibly reduced and damaging effects of time lessened.

When?

As beauty flash treatment or as a 2 months cure at a rate of one treatment every 2 weeks.

The results?

Your skin, enriched in oxygen, recovers its youthful radiance. Incredibly soft, it becomes more resistant and firmer.

Lightening treatment

The principle?

This treatment aims to increase the lightening effect of our 2B Bio Peeling treatment. This care / product concept enables to combat pigmentary disorders while providing essential hydration for comfort.

The secret?

The original mode of action of this treatment provides the skin with an exclusive lightening effect. It helps in decreasing the hyperpigmentation of the epidermis and unsightly spots that spoil the complexion.

For whom?

- Multi-ethnic, this treatment is dedicated to all kinds and colors of skins, including oily skins.

When?

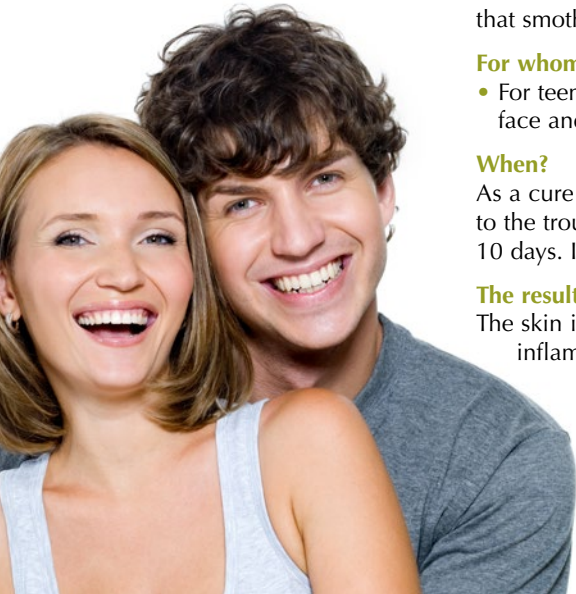

As a 2 months cure, at a rate of one treatment every 2 weeks.

The results?

The effectiveness of this concept will give a brighter and homogenous complexion (reduction of melanin spots, lightening effect, reduction of hyperpigmentation stains).
The skin looks visibly younger.

Oily, prone acne skins treatment

The principle?

Thanks to its innovative exfoliating principle, this treatment helps in eliminating blackheads and spots and in regulating the sebum excess.

The secret?

The natural and powerful agents of this treatment stimulate the skin to reject the impurities that smother it.

For whom?

- For teenagers, men and women of all age, for the face and the body.

When?

As a cure of 4 treatment sessions minimum according to the troubles, at a rate of one treatment every 7 to 10 days. Ideally 2 cures a year.

The results?

The skin is deeply purified. Free of all blackheads and inflammation, the skin is smoother and brighter.

The home range

Bio Net LIQUID MAKE-UP REMOVER FOR FACE & EYES

The principle? Eliminates all traces of classical or waterproof make-up on the face and eyes. It ideally prepares the skin for hydrating and nourishing treatments.

The results? Soothed, strengthened, the skin is smoothed on the surface and revitalized in depth. Its moisture balance is preserved.

7

Ref. 15001

Bio Pureté MAKE-UP-REMOVING SOAP FOR OILY SKINS

The principle? Purifying and unclogging, this make-up removing soap frees the pores blocked with sebum and prevents the formation of blackheads and spots.

The results? Free of all impurities, the skin is revitalized. The complexion brightens and the make-up holds better.

Ref. 15002

Bio Douceur SOOTHING LOTION FOR SENSITIVE SKINS

The principle? By reinforcing the barrier function of dry, sensitive and/or rosacea prone skins, this lotion enables to maintain an optimal hydration level.

The results? The skin is neat and ready to benefit from other care products actives.

Bio Clarté BALANCING LOTION FOR OILY SKINS

The principle? This lotion regulates the causes of a shiny skin by neutralizing the epidermic toxins.

The results? The skin is bright and full of vitality; the complexion looks radiant and matified.

Ref. 15003

Ref. 15010

Bio Gommage GENTLE EXFOLIATOR

The principle? This exfoliator removes the dead cells that smother the skin. It helps the epidermis to get rid of the bacteria which lead to blackheads, spots and blotches.

The results? Perfectly purified and cleansed, the skin breathes and regains the necessary energy to stimulate cellular renewal. More luminous and even, the complexion recovers its youth look.

Bio Nutrition REGENERATING CREAM MASK

The principle? Anti-dryness, anti-wrinkles and anti-tiredness, this cream mask prevents and repairs any kind of deficiency.

The results? Full of water and essential nutrients, the skin recovers its suppleness and softness. The features look much more relaxed. The complexion is radiant.

Ref. 15005

Bio Purifiant SOOTHING CREAM MASK FOR OILY SKINS

The principle? By eliminating toxins, this cream mask provides the oily skins with a moment of serenity and beauty.

The results? With tightened pores, the skin texture is refined. The complexion is smooth and the features look definitely rested.

Ref. 15007

Bio Oxygel ENERGIZING EXTRACT

The principle? This superactivated anti-aging gel helps in neutralizing free radicals (responsible for cutaneous ageing). It regenerates the cells and restructures the intercellular cement.

The results? Deeply oxygenated and vitalized, the skin recovers a second youth. The features look more relaxed and the complexion is luminous.

Bio Serum O₂ VITAL SERUM

The principle? Superactivated anti-ageing concentrate, this serum increases the O₂ content of the skin. It frees the cells from the toxins and stimulates the production of collagen. It optimizes the skin hydration, strengthens the hydrolipidic barrier and peps up the cellular metabolism.

The results? The skin breathes and regulates itself in polluted environments. As ideal detoxifying agent, it clears the skin of all wastes and enriches it in oxygen. The wrinkles fade away as if bolstered from inside. Preserved from dehydration, the skin regains its youth brightness.

Ref. 15011

Ref. 15004

Bio Regard EYE & LIP CONTOUR GEL

The principle? Particularly fragile, the skin surrounding the eye is more exposed to cutaneous loosening. As for the lips, which are continuously in movement, their contour tends to show small vertical wrinkles. This double function care eases tensions and protects the skin against the stresses of time and environment.

The results? Traces of tiredness disappear immediately, bags and dark rings are reduced. Lips fine lines are visibly shaded off. The lips are protected and adequately hydrated.

Bio Hydravit DAY & NIGHT HYDRA CREAM ENRICHED WITH VITAMINS

The principle? In order to fight with efficiency against daily trials (pollution, climatic changes, ultraviolet rays, hormonal imbalances), this enriched formula is continuously active. It nourishes during the day and regenerates at night.

The results? Perfectly hydrated and vitaminated in depth, the epidermis can better resist the stress, the tiredness and the harmful effects of time and environment. Smoother and suppler, the skin seems to be remodeled. Wrinkles and fine lines fade away. The complexion recovers its freshness and radiance.

Ref. 15008

Ref. 15052

Bio hydrowhite HYDRATING LIGHTENING CREAM

The principle? With respect to the skin integrity, the pure and unique lightening molecule of this cream plays a role of inhibitor of the melanotropin. It acts on the synthesis of the melanin, the pigment at the origin of freckles, aging spots, pregnancy mask, etc.

The results? This preparation hydrates and decreases the hyperpigmented spots of the skin from frequent exposure to the sun.

BIO COCOON WELL-BEING HYDRA CREME

The principle? Coupled with a scent of lotus, the pleasant melting texture of this comfort cream hydrates and nourishes continuously the dry skins in depth. It defends from the formation of free radicals, reinforces the skin's natural defenses and protects from external stresses (climatic variations, pollution...).

Ref. 15012

The results? Perfectly hydrated, the skin is more resistant and firmer. The rough touch of dryness gives way to an incredible softness. The wrinkles are visibly less marked; the complexion is brighter.

BIO DÉFENSE BB Cream MEDIUM SUN PROTECTION SPF 18

The principle? More than a tinted emulsion that conceals blotches and imperfections, this enriched cream with its SPF 18 protects the skin effectively against the harmful effects of ultraviolet rays.

The results? The treatment sublimed with the protection! Perfectly unified, the complexion looks as returning from holiday.

Ref. 15009 / 15092

Ref. 15099

BIO DÉFENSE MEDIUM SUN PROTECTION SPF 18 NATURAL

The principle? This care enriched with a SPF 18 protects the skins perfectly against the harmful effects of the ultraviolet rays.

The results? Perfectly treated and protected, the skin may effectively defend itself from the daily external stresses.
